

Overview of Sport Premium Funding 2016-17

Employment of experienced and qualified sports coaches including an Active MDA, to work with teachers to ensure the highest quality PE is being delivered in school

Children who attend clubs and those who are less active will benefit from professional coaches leading lessons and clubs for them. We will measure the impact of this from attendance at clubs and overall amount of time children spend being active. We will make this sustainable by asking for small contributions towards sports clubs run by coaches and by creating strong links with community sports clubs.

Updating curriculum resources for teachers

In order to teach consistently outstanding lessons, teachers require new schemes of work, and other teaching resources such as music, flashcards and display resources. This is a high priority for us during the forthcoming academic year. In consultation with staff we will look to bring in a scheme which facilitates and enables teachers to deliver the new national curriculum through high quality PE teaching. We will measure the impact by surveying teachers' confidence to

deliver PE and sport, which will enable us to continue delivering outstanding PE lessons for the pupils at St. Michael's.

Updating and expanding PE and sports equipment

After consultation with staff and children, we aim to buy new equipment that will continue to aid high quality teaching, enable teachers and coaches to lead high quality extra-curricular clubs and support a more sustainable and varied PE curriculum for the future.

Continuous Professional Development opportunities for staff

Teachers and Teaching Assistants will be offered a vast array of CPD opportunities to expand their lesson repertoire and develop new ideas for their curriculum lessons. CPD opportunities are crucial in a 'Good' school that wishes to continue moving forwards and improving. Learning and teaching is monitored by the PE Co-ordinator on a regular basis to celebrate our strengths and address any weaknesses.

Specialist opportunities to inspire

We believe that children will lead healthy lives now, and in the future, if they are inspired and have a genuine understanding of the importance of eating healthily and staying active. We would like to provide the children with visitors and trips that will engage and motivate them to lead healthy lifestyles.

Supporting talented athletes

We are fortunate to have several pupils in school that are on pathways to regional and national success in a variety of sports. St. Michael's aims to support these athletes with their time, school-work and equipment/transport, which would not be possible without funding from the school.

Change for Life programme

Since April 2014, a programme for those who are less active, or not as involved as others in our sports provision has begun. During CfL sessions, we aim to teach the children that activity can be fun and inclusive. Our sports sessions will aim to improve their cardiovascular health and teach them about healthy living. Hopefully we can inspire them to find an activity they feel enthusiastic about and encourage them to become lifelong learners in healthy eating and movement.

Membership to the Chelmsford School Sports Partnership

Joining the CSSP will provide ample opportunities for our staff and children to experience a wider range of PE and sport. Our members of staff now access a more thorough CPD programme through the Partnership, and children are attending a wide range of competitions and enriching events.
