

Your challenge is to design and make a toy! Decide what you could make using items you already have at home e.g. a tower set, pencil puppets, a shoebox house, a sock soft toy, a car ramp.

I am going to make \_\_\_\_\_

Labelled picture of my toy design

List of equipment and resources I will need:

How will I make my toy? What will I do first? Next? After that?

Gather your resources and equipment and make your toy!  
Does your finished toy look different to your original design?
