

Leaflet plan

Plan and write a leaflet with advice and tips for preparing for a test.

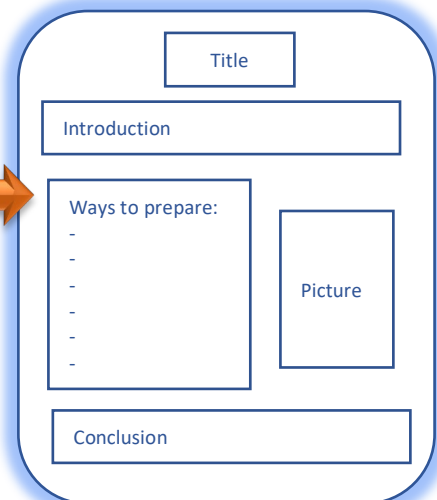

What is your title?

Introduction – why have you created the leaflet?

What advice and tips will you include?

Conclusion – can you reassure your reader? Offer a last piece of advice? E.g. always prepare and try your best but remember tests aren't everything!

How will you organise your leaflet? Look at the example then create your own sketch to show where things will go.

Write your leaflet. Have you included:

- A title
- Headings and sub-headings
- Different fonts
- An attractive and eye-catching design
- Pictures/drawings
