

# A St. Michael's CE (VA) Junior School Policy

## Food & Healthy Eating Policy

Reviewed by Business Management Resources:	Summer 2019
Ratified by Full Governing Body:	Autumn 2020
To be reviewed:	Summer 2023

## **Mission Statement**

Our school recognises the importance between good nutrition and pupils' emotional and physical health and well-being. It also recognises how this can affect their ability to maximise their educational attainment.

## **Policy Aim**

- To promote consistent messages throughout the whole school by ensuring all policies, procedures and daily working practices follow this policy.
- To make sure that nutrition has a prominent place in school life.
- To offer healthy food and drink at all appropriate opportunities.
- To ensure the food environment promotes a happy, pleasurable experience.
- To maintain the Healthy Schools accreditation – due for revalidation in Autumn 2020
- To reflect the new school food standards regulations which allows our cooks to create imaginative, flexible and nutritious menus.
- To ensure that all packed lunches brought from home provide pupils with healthy and nutritious food.
- Adopt a culture of allergy awareness and education
- School's stakeholders to support the school to make life safer for the children, with allergies, in our care.

## **PRACTICE**

### **Curriculum**

Children are taught about food, eating healthily and the digestive system in Science. They are given opportunities to analyse foods, undertake cooking activities and consider the power of advertising in Technology. In PSHE they are encouraged to think about healthy lifestyle choices.

### **Extra Curricular Activities**

Any food provided on site but out of school hours, or at events/activities held off the school site but during school hours, must comply with the Government's revised **School Food Standards 2015** (see Appendix A). This includes SMASH events, school productions and performances and sporting activities, etc. Some exceptions may be made for special events.

### **Tuck**

Fresh fruit and vegetables may be brought from home for consumption at playtime. The school runs a tuck shop selling a selection of fresh fruits, yoghurts, rice cakes and wholemeal bread toast, tea cakes and cheese and crackers.

### **School Lunches**

The school runs its own hot meals service with most ingredients sourced locally. Menus run on a three-week cycle with a daily meat and vegetarian option. These menus are produced in-house in accordance with current **School Food Standards** (see Appendix A) and are reviewed regularly in conjunction with ECC. Salad and fresh fruit are provided daily. Special themed lunches are organised to celebrate festivals and other special events. Parents are invited to join their children for a hot dinner once a term.

### **School Grab and Go**

A healthy packed lunch option (Grab and Go) is also available for children to purchase. This is also produced in accordance with the revised **School Food Standards 2015**.

## **Packed Lunches from Home**

Some children choose to bring a packed lunch from home. Children with packed lunches are able to eat their lunch in the school hall alongside children eating school lunches. The school will work with parents to encourage packed lunches to meet **School Food Standards 2015**. Packed lunches should include:-

- At least one portion of fruit and one portion of vegetables every day
- A portion of protein every day
- A portion of carbohydrates every day
- A portion of dairy every day
- A healthy drink every day
- One small cake or biscuit maybe included if you so wish

Please see Appendix B for suggested options.

Appendix C contains information from the Change 4 Life website regarding healthy packed lunch menus.

**Please note that we are a nut allergy aware school. Our policy is not to serve any foods that may contain nuts or traces of nuts and not to allow any nuts or foods, containing nuts, to be consumed on the premises.**

**(Nut Allergy Awareness Policy attached - Appendix D). We ask parents to support this and the school will communicate with parents about our expectations, specifically with foodstuffs such as peanut butter and Nutella or packed nuts.**

## **Water**

Each child is expected to bring a named and filled water bottle to school each day throughout the year. A water cooler and water fountains are available for children to use.

## **School Garden**

Our children are given the opportunity to grow vegetables in our extensive vegetable gardens and greenhouse as part of their learning about plants. Children are responsible for sowing, nurturing and harvesting the produce, much of which is used by our school cooks for the children's school lunches. Our children are able to truly see where their food comes from, from seed to plate.

## **Monitoring and Review**

The implementation of this policy is monitored by the Healthy Schools Coordinator and Governor, and reviewed by the Governors' Business Management Resources Committee.

## **What we will do**

- Maintain a pleasant eating environment
- Enable the School Council to contribute their views regarding packed lunch expectations, the Food Policy and dinner menus and encourage discussion and learning about healthy eating and living
- Maximise curricular opportunities to develop children's positive attitudes towards healthy eating and living

- Establish initiatives in school to promote healthy eating and drinking messages for the whole school community
- Have basic food hygiene training.
- Continue to develop the school garden, enabling children to grow fruit and vegetables.
- Continue to monitor that all food provided for children during out of school hours activities complies with our healthy eating policy.
- Provide support and guidance for parents in the provision of healthy packed lunches.
- Submit evidence for ongoing accreditation of the Healthy Schools Status.
- Adhere to the **School Food Standard Regulations** which include:
  - ✓ 1 or more portions of vegetables or salad as an accompaniment every day
  - ✓ at least 3 different fruits, and 3 different vegetables each week
  - ✓ an emphasis on wholegrain foods in place of refined carbohydrates
  - ✓ an emphasis on making water the drink of choice:
    - limiting fruit juice portions to 150mls
    - restricting the amount of added sugars or honey in other drinks to 5%
  - ✓ no more than 2 portions a week of food that has been deep fried, batter coated, or breadcrumb coated
  - ✓ no more than 2 portions of food which include pastry each week

## **Appendix A**

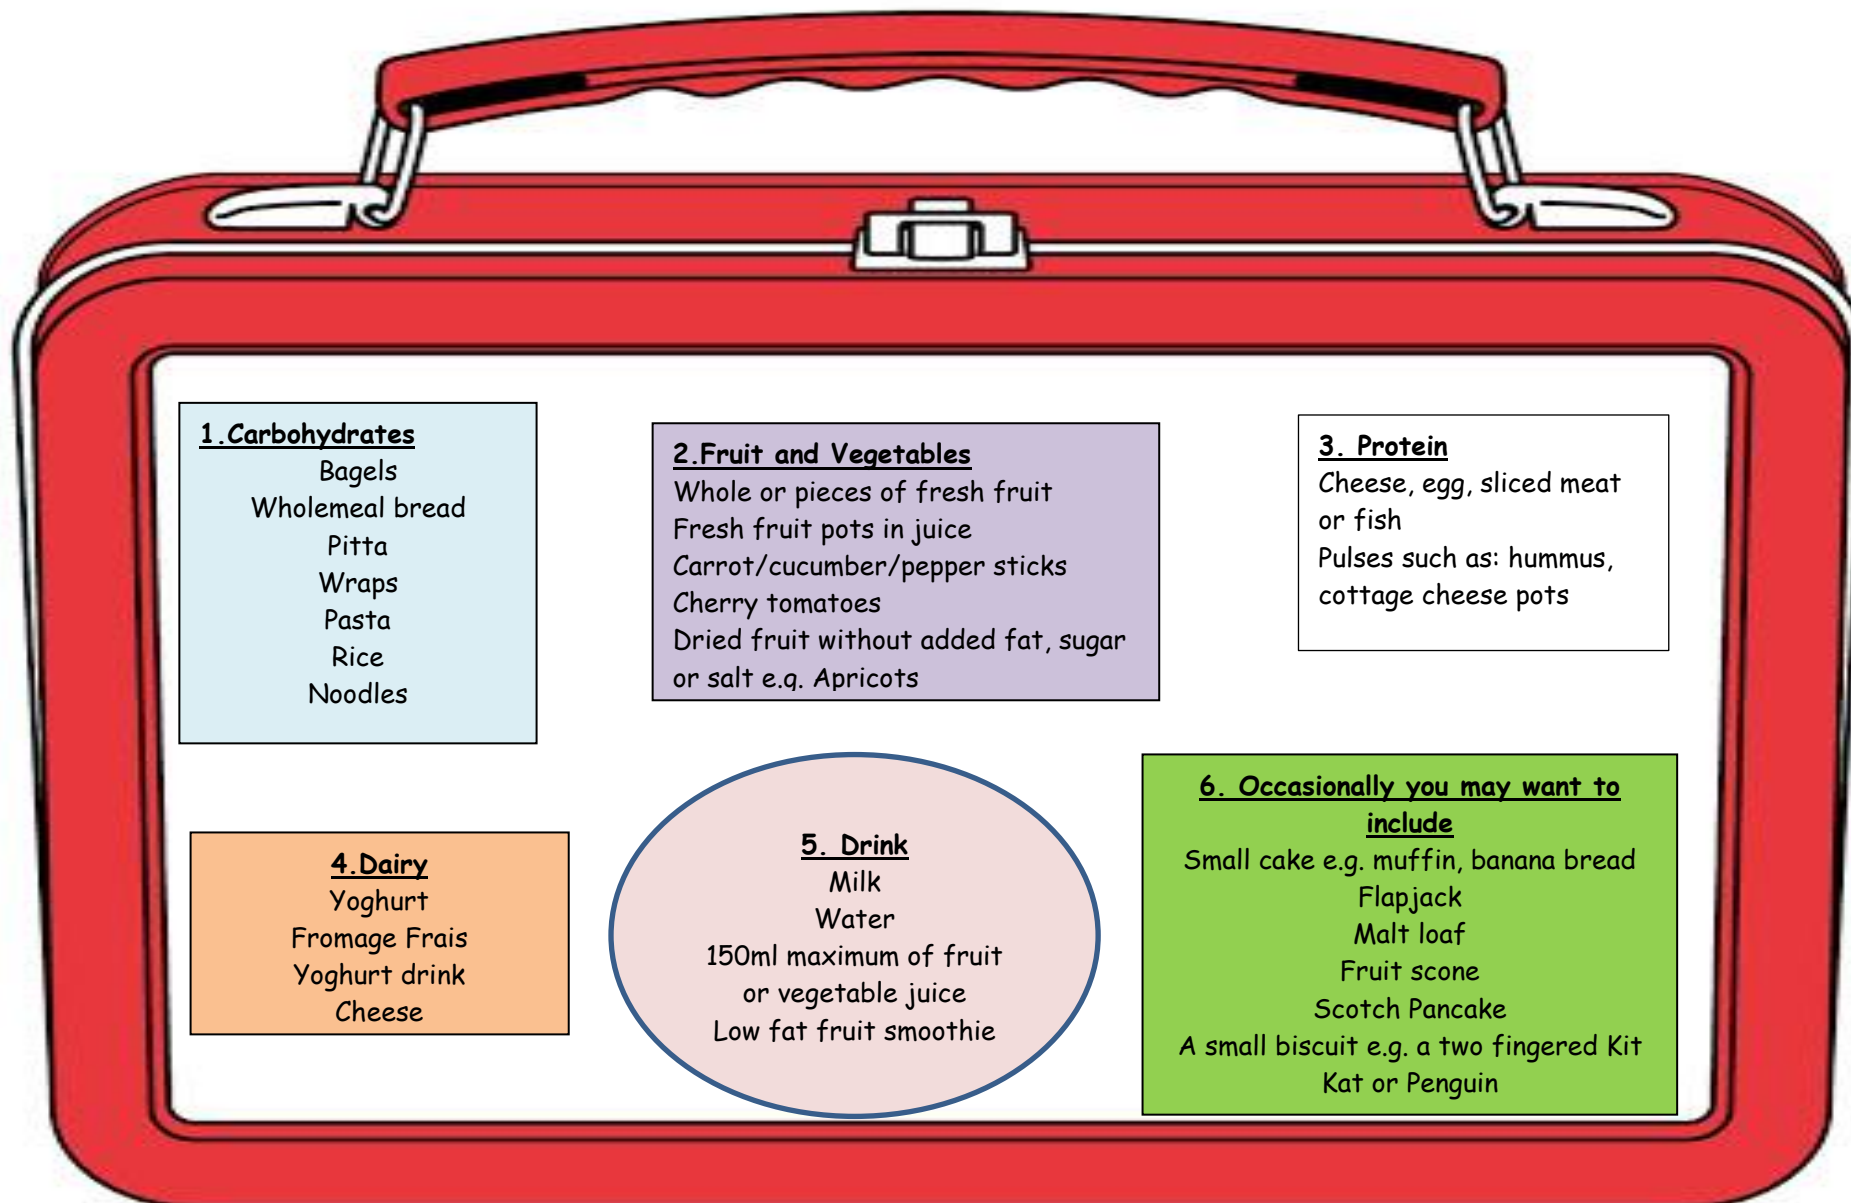

School Food Standards 2015 document can be found here:

<https://www.foodforlife.org.uk/schools/benefits/school-food-standards>

**Appendix B – My Lunchbox**

**Suggested Healthy Eating Choices**

The Food Standards 2015 recommend one item from boxes 1-5. You may wish to include 1 item from box 6. Box 7 indicates foods that should not be included.

### **7. Foods that should not be included**

Nut products or products with traces of nuts – peanut butter, packets of nuts, Nutella, sesame seeds – including hummus.  
 Processed foods such as sausage rolls, pepperoni sticks, pasties  
 Crisps  
 Cereal bars  
 Chocolate bars such as mars bars, snickers, crunchies  
 Fruit Winders

### **Appendix C**

**Suggested Packed Lunch Menus from the Change 4 Life website:-** <http://www.nhs.uk/Change4Life/Pages/healthy-lunchbox-picnic.aspx>

**Appendix D – Nut Allergy Awareness Policy (written in line with the Anaphylaxis campaign and Allergy UK guidance)**

**People who suffer from nut allergies can develop a severe, potentially life-threatening allergic reaction. If someone has a nut allergy it is not just eating nuts that can cause a severe reaction, just being touched on the skin or smelling the breath of someone who has had nuts, or a product containing nuts, can trigger anaphylactic shock (which can cause breathing and swallowing difficulties).**

**Some first aid staff in the school are trained to use the Epi-pens (an injection of adrenalin) which is required immediately if this happens. We cannot have nuts in school in any form. So please can we ask that you have no nut products in the lunch boxes or brought into the school as treats. For example: peanut butter sandwiches, chocolate spreads, cereal bars, some granola bars, cakes that contain nuts, biscuits / cookies that contain nuts, peanut butter cakes, some Asian food, including satay sauces that contain nuts**

**This list is not exhaustive, so please check the packaging of products closely.**
