

The autumn term is flying by and Year 3 have had a superb start to the year! I have been so impressed by how well the children have settled into the junior school and embraced a new challenge.

We started out the year by learning about the Stone Age and how life changed from the Palaeolithic to Neolithic period. We studied a range of artefacts and made connections to our learning when debating what their intended use would have been. The children researched a Neolithic Settlement – Skara Brae – and published a brochure persuading people to visit this historic site!

In our RE lessons, we have learnt about the Christian belief of God as the Trinity. The belief being that God is the Father, Son and Holy Spirit. To represent this understanding, the children created their own stained-glass window with a dove at the centre – symbolic of the Holy Spirit.
